MAKING *Safe* AND *Responsible* CHOICES

Fire Survey: (Slides 4-10)

1. How many fires do you think youth set through play from 2014-2018?

2. Which age group do you think causes the most fires?

3. How much money do you think was spent fixing the fire damage caused by youth in 2014-2018?

4. Which type of fire do you think happened most often?

Risky Behavior: (Slides 11-26)

5. What are some fire related behaviors that you believe are risky?

6. Why do you think some youth engage in risky fire behavior?

7. What actions can you take to avoid risky behavior?

Situational Awareness: (Slides 28-33)

8. Which actions would you consider safe?

9. Situation: You and the Anderson twins are hanging out after school. The Anderson twins tell you how they plan to take several bags of trash to Mr. Becker's house and dump it in the driveway. They then describe how they want to light the trash on fire and leave. What should you do?

10. Situation: You are with a group of friends, one of them thinks it would be fun to call 911 to report a prank house fire. What should you do?

11. Situation: Your friend Nick tells you that he is really upset and angry with Andy. He describes how he plans to light the dumpster behind Andy's house on fire. Nick doesn't want to hurt anyone, but he wants to scare him. What should you do?

Article: (Slide 34)

12. Write a 3-5 sentence summary of the article (Hint: Who, What, When, Where, Why).

13. Based on what you read in this article, what are 3 explanations as to why the boy engaged in risky fire behavior?

14. Teenagers are fascinated with fire. Use evidence from the text to support this claim (meaning: use facts, examples, or quotes from the text to support your point).

15. Do you think the punishment suggested for the teens is appropriate? Why or why not?

16. How did the video and the anonymous tips help the police solve this case ?
