*"I move to approve Resolution 23-04, waiving the competitive bid requirements for the purchase of a used Hazardous Materials Vehicle."*

### Summary:

A RESOLUTION OF THE BOARD OF FIRE COMMISSIONERS FOR CENTRAL PIERCE FIRE & RESCUE, PIERCE COUNTY, WASHINGTON, AUTHORIZING WAIVER OF COMPETITIVE BIDDING REQUIREMENTS FOR HAZMAT RESPONSE VEHICLE PURCHASE.

### SUMMARY:

#### **McLean Property Purchase**

The McLean property purchase is now closed and finalized. Staff is working to secure the property and understand next steps to develop some additional parking area on the property. The District has a critical need for additional parking, especially with the two large academies starting in September and October.

#### **Hall Property Purchase**

The Hall property purchase is now closed and finalized. There was a small overpayment made and a wire transfer back to the District is underway. For now, the Hall property will simply be secured and maintained while the District continues to study its deployment needs in the area.

#### **Station 72 Dirt**

There has finally been a settlement on the Station 72 Dirt issue. The District has signed an agreement releasing us from any issue. The dispute between the District and Pease is still ongoing, but we anticipate resolution soon.

#### **Richardson Well Drilling Property**

To date, there is no indication that the Richardson Well Drilling Property is going to be used in the District's deployment. Staff would like to have a discussion with the Board on the opportunity to surplus that property and start a search for a new property in the NW corner of the District.

#### **Sustainability Efforts**

Staff has engaged Mia Marshal to walk Stations 61, old 66, 69 and old 72 to explore what opportunities exist to reuse those facilities, post major remodel, for another 40 to 60 years. Staff will be working on building out a comprehensive capital plan that includes these facilities, and a new design for an "infill facility."

#### **July 4<sup>th</sup> Fire Operations Center & Incident Action Plan**

CPFR took a proactive approach to the known increase in incident volume and risk to the community by developing an Incident Action Plan in collaboration with several of our public safety partners.

#### **July 4<sup>th</sup> Operations**

July 4<sup>th</sup> proved to be busy as in years past. The District responded to numerous incidents, including being dispatched to three house fires and one large vehicle fire. Marie was at the scene of a CPR call off Main Street in Puyallup on the morning of June 17th, and had a chance to witness you all as you worked the call. She asked me to give all the CPFR personnel on scene *"huge props, they were all so quick, efficient, and amazing at what they do. I was definitely impressed and wanted to pass along. **Response early on Sunday May 21<sup>st</sup>**

Chief Morrow:

This is regarding a response to our property in the wee hours of Sunday 5/21/23. The dispatch was something like "enter a cattle gate and proceed up a long driveway through the woods" located at 1615 Brookdale Road East.

If one is not familiar with the property, consisting of nearly twenty acres, it can be rather daunting getting up to the house and outbuildings in the dark, not to mention a long narrow driveway up through the woods with a sharp drop-off to the right!

I'm sorry we were not there to help. I happened to be in Port Ludlow and as luck would have it the Hood Canal Bridge was closed for maintenance and I had to go the long way around. Fortunately, Deputy Sheriffs Beem and Dowell arrived ahead of the firefighters response (called in by the deputies), to intercept a trespasser that had tripped our cameras. He had "set up camp" in our barn with items gathered from around the place... lawn chair, blankets and a fire pit in which he started a fire inside the barn to "stay warm". It had gotten out of control, setting the structure on fire which was getting well underway when the deputies arrived and subsequently alerted the fire department.

I have since learned C Shift were the responders, called out as a structure fire with Engines 61, 63, 65, 68, Ladder 61, Medic 61 and Medic 65 initially responding. I know now that it was C shift Engine 65 crew that actually entered the property and knocked the fire down. I stopped by station 65 and was able to say thank you to one of them in person although a mere thank you doesn't seem adequate. I am amazed they were able to navigate their way around here, gain access to the barn and fight the fire as they did. Had they not knocked the fire down the whole structure would have gone up, probably igniting the fir trees beside it, which would have threatened homes just a couple hundred feet west of that position. The barn floor boards are old age wood about 3 inches, by 18 inches wide, and about 20 feet long, making it no small feat to cut through.

As mentioned I did stop by the station, giving them a copy of a similar letter and photos, but as you know most firefighters will give you the "I was just doing my job" response. I am hoping there is also an official protocol for recognition. Their "just doing their job" saved my family and likely many of our neighbors a boatload of heartache and expense.

This place was left to us by our parents so this is a thank you in their memory and on behalf of the four of us, George, Larry, Tom and Barbara Wood.

They say a picture is worth a thousand words, this is what the place looks like in the light of day....

Entry made under overhang through narrow gate by pony stalls, back (north) side of barn.

But what the responders had to contend with in the dead of night ...
