Work together to stop bullying!

Being a good friend is the right thing to do.
Being a bully is not very nice.

What would you do?

1. If you saw a big kid being mean to a smaller kid?

2. If you saw your classmate saying mean things about another classmate?

3. If you saw two classmates fighting on the playground?

Make wise choices.

School is more fun when you choose to help out a classmate or choose to be nice and include others when you are playing.

Draw a picture of you helping a classmate or having fun on the playground.
