A Safety Newsletter For Kids

Produced by Your Local Fire Department & Northwest Fireflies

**Use a booster seat every time  
until you are 4 feet 9  
Remember, it's the law!**

A Booster Seat lifts you up so the seat belt fits you better. That way if you are in a crash your body is protected better by the strong bones in your hips and chest! Boosters are for **BIG KIDS!** Color the picture.

Kids need to be in a Booster Seat until they are 4'9" tall. It's the right thing to do and It's the Law!
